## PROFILE

Former chef and entrepreneur transitioning into technology, currently studying backend development while building frontend projects. Experienced in managing small businesses, handling projects independently, and applying creativity to practical problems. Interested in developing web applications and contributing to collaborative coding projects.

## SKILLS

**Frontend:** HTML, CSS, JavaScript, React, Tailwind, Typescript

**Backend:** Python, Node.js, SQL, MongoDB, RESTful API

**Tools & Platforms:** GitHub, Webstorm

**Other / Additional Skills:** Photography (portrait & commercial), basic web design

## EXPERIENCE

### Owner & Catering Manager Kvæernerbyen Thaimat

**April 2020 – Present • Oslo, Norway**

- Founded and managed a small catering business, taking orders via Facebook.
- Delivered homemade meals personally within the neighborhood.
- Currently developing a website to sell a wider variety of homemade food online.
- Maintained operations while pausing active service to focus on studies.

### Chef Fursetgruppen

**August 2022 – April 2023 • Oslo, Norway**

- Created traditional Japanese menus and recipes.
- Managed food costs and inventory.
- Trained kitchen staff.
- Took food photography for menus and social media.
- Updated social media accounts.

### Sous chef Koie Ramen

**October 2021 – August 2022 • Oslo, Norway**

- Assisted in daily kitchen operations.
- Prepared ramen dishes and ensured consistency.
- Supported training of junior staff.

### Founder / Chef Bad Burger Bangkok

**January 2015 – May 2020 • Bangkok, Thailand**

- Opened and ran a burger and craft beer restaurant in Bangkok.
- Managed daily operations, menu planning, and staff.
- Handled marketing and customer relations.
- Gained recognition as one of Bangkok's top ten burger restaurants and featured in a Vice magazine interview.

## PROJECTS
